

## **In the Media: Fraudsters Calling Your Home**

*Saturday, February 4, 2017*

**By:**  
**First American State Bank**

There has been a lot of media attention regarding fraudsters calling people on their personal phones. The Bank has not experienced any of these instances, but periodically we want to remind our customers of ways to protect their identity and what to expect from the Bank calling you.

A Bank employee will never call you to ask account number, credit/debt card number, or social security number. In fact, you should be suspicious of anyone that calls you asking for this information.

Be wary of scams in which callers pretend to be employees of the Bank. Scammers will sometimes change their caller ID to disguise their real identity to trick you into giving them valuable information.

If at anytime you are suspicious of a caller claiming to be from the Bank, hang up and contact us directly at 303-694-6464
